# NCB CAPITAL MARKETS

## UNIT TRUST PORTFOLIOS

NCB CapFunds are designed to simplify the investment process while delivering meaningful value over the medium to long term. With our unit trust products, investors gain access to six expertly managed funds, each tailored to address a wide range of financial goals and risk preferences.

Whether investors are seeking growth, stability, and/or income, NCB CapFunds provide flexible solutions to help achieve investment objectives with confidence.

### DIVERSIFIED PORTFOLIOS

#### M FUND – JMD MONEY MARKET PORTFOLIO

##### INVESTMENT OBJECTIVES

The primary objective of the JMD Money Market Portfolio ('MMF') is to achieve maximum income while preserving capital and liquidity. The portfolio primarily invests in Jamaican dollar (J\$) money market instruments.

##### INVESTMENT STRATEGY

The portfolio invests in short-term J\$ government and commercial/ corporate papers, in addition to foreign currency money market instruments from Caribbean, US, UK, and Canadian companies which are subjected to specified investment constraints. The fund may also include medium-term debt securities offering high-income yields and potential short-term capital appreciation, as well as high-dividend-yield stocks of listed companies.

##### RISK RATING

The MMF has a **low** risk rating. This indicates that the investments have minimal potential for loss of principal and stable returns.

##### TARGET INVESTOR TYPE

This fund is suitable for Investors who are **conservative**, income oriented or those who may be looking for a short-term investment vehicle pending a longer-term investment decision. The fund caters to investors with a short-term investment horizon and for whom principal security is a primary concern.

## INVESTMENT OBJECTIVES

The portfolio utilizes a dynamic mix of growth and value investing strategies to generate long-term capital appreciation primarily through equity securities.

## INVESTMENT STRATEGY

The portfolio primarily invests in publicly traded equity securities from Jamaica, the region, and globally, including common and preferred stocks, convertible debt securities, and rights offerings. Asset allocation is driven by the anticipated performance of equity markets, industries, and companies, with consideration of economic, social, and political factors. The Investment Manager (IM) actively rebalances the portfolio, prioritizing resilient stocks to enhance performance and reducing exposure to vulnerable issuers.

## RISK RATING

The EF has a **high** risk rating. This indicates that the equity fund investments have a greater potential for significant losses but also higher potential returns.

## TARGET INVESTOR TYPE

The Equity Fund (EF) is suitable for Investors with an **aggressive** risk profile who are seeking a diversified equity portfolio. Additionally, it is ideal for investors with a medium to long-term investment horizon seeking to maximize capital growth.

# FUND – USD MONEY MARKET PORTFOLIO

## INVESTMENT OBJECTIVES

The primary objective of this fund is to generate a high level of current income in US dollars (US\$) while prioritizing capital preservation and liquidity. The portfolio invests in short-term US dollar-denominated money market instruments and other interest-bearing securities.

## INVESTMENT STRATEGY

The portfolio primarily invests in US dollar short to medium-term debt securities issued or backed by the governments of Jamaica, the US, the UK, and Canada, as well as their agencies. It includes loan obligations and high-yielding medium-term debt securities. Focused on low-risk, short-term US dollar-denominated assets, the portfolio aims to enhance near-term returns while maintaining liquidity. The IM targets attractively priced opportunities in government-backed loans, notes, and investment-grade corporate securities.

## ASSET ALLOCATION

## TARGET INVESTOR TYPE

The portfolio is ideal for **conservative** investors with low risk tolerance who prioritize principal security. It suits those seeking hard currency investments or a temporary investment vehicle while deciding on long-term options.

## RISK RATING

The MMF has a **low** risk rating. This indicates that the investments have minimal potential for loss of principal and stable returns.

| <b>Total of Top 5 Holdings</b> | <b>\$39.8M</b> | <b>55.07%</b>  |

### INVESTMENT OBJECTIVES

The primary objective of the USD Bond Fund (xB) is to maximize total return in US dollars through capital appreciation and income by investing in medium to long term fixed income securities.

### RISK RATING

The xB portfolio has a **medium** risk rating. This indicates that the fund's investments have a greater potential for moderate losses but also higher potential returns.

### TARGET INVESTOR TYPE

The portfolio is ideal for investors who have a **moderate to aggressive** risk profile. Also, for investors who are seeking capital appreciation and are willing to accept moderate to high fluctuations in unit prices over the short term.

### FUND DETAILS

| Fund Manager:           | NCB Capital Markets Ltd |
| Trustee:                | MF&G Asset Mgmt.        |

### INVESTMENT STRATEGY

The portfolio primarily invests in US dollar-denominated medium- to long-term debt securities issued or backed by the Government of Jamaica, as well as instruments from the governments of the US, UK, and Canada or their agencies. It may also include global commercial paper, investment-grade sovereign and corporate obligations, and shares and debt securities with investment-grade ratings. The decline in interest rates enabled the IM to focus on duration management and identifying attractively priced assets.

# NON-DIVERSIFIED PORTFOLIOS

## **iO** FUND – JMD HIGH YIELD ASSET AND LOAN PORTFOLIO

### INVESTMENT OBJECTIVES

The portfolio utilizes a dynamic mix of growth & value investing strategies to generate long-term capital appreciation primarily through equity securities.

### INVESTMENT STRATEGY

The portfolio primarily invests in medium to long-term fixed-income corporate assets, loans, preference shares, and high-dividend-yield listed companies. While it focuses predominantly on Jamaican dollar-denominated securities, it also considers investments in other currencies. The portfolio targets high-yield corporate debt exposures and loans, with the IM actively monitoring and repositioning investments to align with the fund's risk and return objectives.

### RISK RATING

The HYAL portfolio has a **medium** risk rating. This indicates that the fund's investments have a greater potential for moderate losses but also higher potential returns.

### ASSET ALLOCATION

## INVESTMENT OBJECTIVES

The Real Estate Portfolio (rE) seeks long-term capital appreciation by giving investors access to a broad range of income and growth producing real estate assets.

## INVESTMENT STRATEGY

The portfolio focuses on local high-quality commercial real estate assets in prime locations designed to attract and sustain high occupancy levels. The IM seeks to continuously enhance returns by boosting occupancy rates and maximizing lease income. Additionally, the portfolio may include investments in real estate securities.

## RISK RATING

The rE portfolio has a **medium** risk rating. This indicates that the fund's investments have a greater potential for moderate losses but also higher potential returns.

## TARGET INVESTOR TYPE

The rE portfolio is ideal for investors with a **moderate** to **aggressive** risk profile who seek capital appreciation. It is best suited for those willing to accept moderate to high short-term price fluctuations in pursuit of their investment goals.

## DISCLOSURE

### Company Identification

NCB Capital Markets Limited (formerly Edward Gayle and Company) was established in 1968 and is Jamaica's oldest stock brokerage company. The company became a part of the NCB Group in 1994 and a fully owned subsidiary in October 2002. In December 2002, the then Edward Gayle and Company was merged with another NCB subsidiary, NCB Investments. The products distributed by this combined subsidiary cover the traditional money market product offerings (J\$ and US\$ Repos), primary dealer services, stock brokerage and investment advisory services. Edward Gayle and Company was renamed NCB Capital Markets Limited in October 2003.
